UGANDA UPDATE

To all our friends, supporters, prayer partners in Western New York, Southern Ontario, Virginia, Atlanta, Philadelphia, and Ft. Myers Florida . . .

The doors are now wide open for us to invest in the **ZEALOUS** expansion of the Gospel in the East African Community. Please check out the video on our website

www.sundoulosmenwny.org (see the map showing the districts and sub-counties

in Kayunga and Jinja, Uganda).

As of March 1, 2021 . . . this is what is happening

- ❖ Two years ago, 240 pastors began training . . . Now, 1500 pastors are being trained in the Gospel with continuing discipleship in over 1000 congregations. This is having an amazing reproductive reality to it. Pastors, families, entire churches are being transformed . . . spreading the Gospel and the Word of God to other family members and those living in their village.

- ❖ The 15 sub-counties are now overseen by 3 coordinators for each sub-county. Their responsibility is to confirm the understanding of the Gospel, and better administer & communicate information at the ground level (i.e., numbers born-again, trained, baptized; as well as advancements and challenges).
- ❖ Financial management training is also being integrated into the training to provide additional safeguards and accountability with the goal of eradicating poverty.
- ❖ 70% of these leaders are illiterate, 25% have average-level certificates, 5% have college-level Bible education . . . so, many gather together where one can read scripture and lead a Socratic discussion with the rest of the group.

Monthly expenses to maintain the training of these 1500 pastors = \$4,450.00

(Each pastor also contributes money towards their transportation and food expenses.)

IGA – Income Generating Activities

This is their term for economic development. Beginning with the 1400 families affected and recovering from the 2020 Famine, the **2 Piglet Project** is providing a self-sustaining business for these very poor rural families. Seeds for growing beans and maize are also being purchased for distribution to feed these hungry families.

Monthly expenses for 20 families (2 piglets each @ \$100/pair) = \$2,000.00

Distribution of seed for beans from January through August

(400kg total to 40 families @ \$20/bag) = \$800.00

Distribution of seed for maize from January through August

(400kg total to 40 families @ \$10/bag) = 400.00

Total monthly expenses for sustaining these families = \$3,200.00

School Teachers Salaries

150 children from mostly Muslim

families come for daily core-subject education and the Gospel. These children (age 4-16 hrs old) also receive a healthy lunch daily.

Monthly expenses (5 teachers @ \$100/monthly salary) = \$500.00

Antioch School – CBTE (church-based theological education)

Currently, 140 top-level bishops from Uganda and surrounding nations are engaged in and continue to progress in Master's and PHD degree programs in theology and Biblical studies. Their goal is to train the trainer at all levels of leadership within their 42,000-church denomination.

BOTTOM LINE They need our help!!! Every dime donated goes directly to the field and multiplies! We have no paid staff, no overhead, no frills! Revival in these churches is God's work, but He is using all of us in the process! The needs below are our current needs.

Recap of Monthly Expenses

- Evangelism/Discipleship training for 1500 pastors = \$4,450.00
- 2 Piglets Project (20 pastors, 20 pairs) = \$2,000.00
- Teacher's Salaries (5 teachers) = \$500.00
- Seed for planting food (beans & maize) = \$1,200.00

Total needed = \$8,150.00 monthly
